

## **NOTICE TO GUESTS – PLEASE READ**

### **IMPORTANT COVID-19 INFORMATION**

To ensure the safety of our guests and staff during COVID-19, we have implemented a few changes to our policies and procedures. Please help us by doing your part to stop the spread of COVID-19.

COVID-19 is spread by large droplets emitted by the coughing, sneezing, or simply breathing of an infected person. COVID-19 can live on surfaces for many hours. You can get COVID-19 by either inhaling the droplets themselves, or by touching contaminated surfaces and then touching your eyes, nose, or mouth.

General guidelines for COVID-19 can be found at [www.bccdc.ca](http://www.bccdc.ca)

#### **During your stay**

Exercise proper hand washing techniques

We have provided a bottle of disinfecting cleaner and extra paper towels for your use during your stay

No visitors. Registered guests only

If you begin to show symptoms at any time during your stay, you must make plans to return home ASAP

#### **Prior to your departure**

Advise us if you are planning on departing before 11am on check-out day

Bag all garbage and recycling and leave just inside the front door, or place in the designated area

Remove all food from the fridge and freezer

All kitchen items used during your stay should be cleaned and left on the counter to be sanitized

#### **After your departure**

If you begin to show symptoms, or test positive within 2 weeks of your departure, you must advise us.
